

The ONLY Fiber Optic Cable You Will Ever Need...

TiniFiber® is a U.S. Patented and Award Winning innovation that is “The Single Best Solution” for quality fiber optic cables built around the smallest Outer Diameter (OD) stainless steel Micro Armor Fiber™ for protection, durability, bendability and ruggedness to protect your investment for all project usages.

Quick Facts:

- Micro Armor Fiber™ is a new U.S. patented product that incorporates a tightly wrapped stainless steel coil designed to provide the lightest, strongest and most flexible solution.
- Jackets available for Riser, PE, Plenum, Indoor/Outdoor, LSZH, Direct Burial, Industrial and Harsh Environments.
- Designed to lower the installation costs of support systems, pathways and manpower labor hours.
- TiniFiber® Micro Armor Fiber™ is approximately 65% smaller and 75% lighter than typical Aluminum Interlocking Armor (AIA) fiber.
- Smallest OD and very high flexibility allows for easy installation into tight pathways, risers and bends.
- OS2, OM1, OM3, OM4 and OM5 from 1 to 144 strands (250u/900u/Ribbon).
- Multi-strand pre-termination is available with MTP/MPO, LC, SC, ST, MU etc.
- Protects against rodent attacks.
- 25 Year Limited Warranty.
- UL Listed

12-Strand Fiber Optic Armor Competitive Analysis (Based on 1000 Ft.)

TiniFiber Micro Armor Fiber

Fiber Count: 12
Diameter: 5.5mm
Weight: 98 lbs.

Aluminum Interlocking Armor (AIA)

Fiber Count: 12
Diameter: 13.95mm
Weight: 395 lbs.
