

Micro Armor Fiber® The Original Stainless Steel Armor Stripping Tool and Cable Cutters

TiniFiber™ is a revolutionary designed fiber optic cable that will provide the single best solution for all your fiber optic projects and usage. Micro Armor Fiber® can be used in any channel from Telco, CATV, WAN, LAN, SAN, Broadcast, DAS, Communication, Security, Indoor, Outdoor as well as Aerial installations and regardless of environmental conditions. The following are the recommended tools for stripping the jacket and cutting through the steel armor.

Part #	Description
TFS-501A	For stripping most basic TiniFiber, rotate the tool 1 to 3 times with index finger to strip the outer jacket easily
TFS-501B	Identical to product TFS-501A with the addition of an adjustable knob for fitting different cable sizes
TFC-503	Steel armor cutters; durable strength and comfortable handle grip

**Replacement Blade: TFS-501A: TFB-200S or TFS-501B: TFB-200SR*
